This natural flowing hot spring is a perfect 100 degrees and flowing at 540 gallons a minute makes it one of the cleanest natural pools! We are so glad they decided to make a pool instead of bottling up this natural spring water! The pool is known for its giant tire tubes always available to use to float in the pool and relax!

Camping

The camping trip was a hit! All the students loved it. Here we have Taylor (Lead), Alicia (Mentor) along with Adrian, Alexa, Perry, Kaela, Cameron and Emily. They spent their days swimming in the creek and pool and fishing in the creek!

Hyatt Hidden Lakes is a favorite pastime for our students. Hidden among subdivisions in Garden City it is a sweet oasis filled with multiple bodies of water and plenty of wildlife!

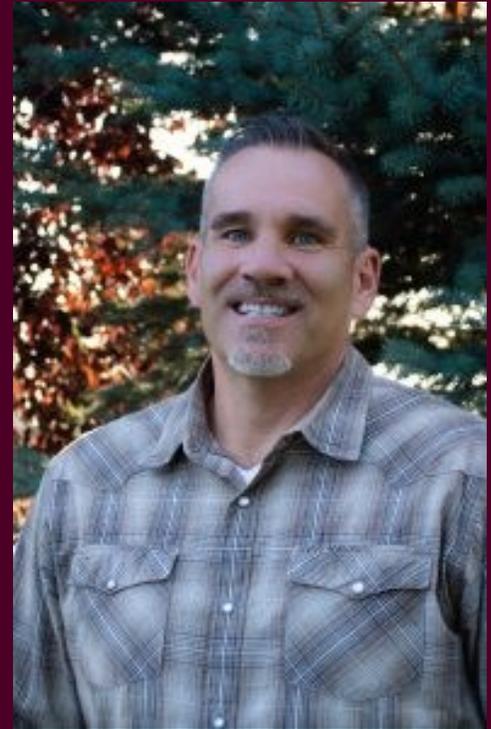

Ceramics is one of our local ceramic painting shops. We love to go paint unique and personal pieces of art and kitchenware!

New Staff: Billy

Billy was born and raised in the central valley of Northern California. He recently moved to nearby Star, Idaho. Billy is married with 3 young adult children and 2 grand children. Billy is a recently retired police officer with over 14 years of service. He worked multi year special assignments where he specialized in issues of homelessness, mental health, substance abuse, and at-risk youth. During his time at the police department, he received extensive training in all these areas, outside of normal police training. Prior to being a police officer, he worked as a supervisor in a metal fabrication shop for over 10 years . He learned many skills in this career including welding, which he enjoys teaching the students at Aloft.

A great day at a park, enjoying the sun and having fun! We got a little silly with string and made quite the mess!
When we aren't having fun, we spend our time making things like this new Ranch sign! (right)
